A computer monitor in the foreground displays the official seal of the National Security Agency (NSA), United States of America. The seal features an eagle with wings spread, perched on a shield with vertical stripes, all within a circular border. To the right of the NSA monitor is another monitor showing a green interface with various data fields and text. In the background, other computer monitors are visible, some displaying maps and others showing blurred figures of people. A desk with various office equipment, including a printer and a multi-line office phone, is also visible. The overall setting appears to be a busy operations center or control room.
