

??????????????

The screenshot shows a Windows desktop with a blue background. On the left, there are icons for '我的电脑' (My Computer), '网上邻居' (Network Places), '回收站' (Recycle Bin), 'Internet Explorer', 'Server_Setup', and '宽带连接' (Broadband Connection). A black command window is open on the right, displaying the output of the command 'C:\>tasklist /svc'. The command 'tasklist /svc' is circled in red. The output is a table with three columns: '图像名' (Image Name), 'PID', and '服务' (Service). The 'iexplore.exe' row is highlighted with a red rectangle. A red text box on the right side of the window contains the text '找到对应进程了，居然' (Found the corresponding process, surprisingly) and the logo '2cto.com'.

图像名	PID	服务
System Idle Process	0	暂缺
System	4	暂缺
