A computer monitor in the foreground displays the official seal of the National Security Agency (NSA) of the United States of America. The seal features an eagle with wings spread, perched on a shield with vertical stripes, all within a circular border containing the text 'NATIONAL SECURITY AGENCY' and 'UNITED STATES OF AMERICA'. To the right of the NSA monitor is another monitor showing a green-themed software interface with various data fields and buttons. In the background, other computer monitors are visible, one showing a world map and another showing a person in a suit. A person's face is partially visible in the foreground on the right, looking towards the screens. The setting appears to be a control room or a technical operations center.
