The screenshot displays the game's interface. At the top, a status bar shows the player's name 'Gitch' and a level indicator '16'. Below this, a small icon of a hand is visible. The main area features a network of alien structures connected by lines, with a central glowing purple core. The structures include various alien-themed objects like a rocket, a robot, and a biohazard symbol. On the right side, there are several icons: a biohazard symbol, a 'WORLD' button, and a 'Building Threads' button. The bottom right corner shows a 'd.com' watermark.
