A computer monitor in the foreground displays the official seal of the National Security Agency (NSA) of the United States of America. The seal features an eagle with wings spread, perched on a shield with vertical stripes, all within a circular border containing the text 'NATIONAL SECURITY AGENCY' and 'UNITED STATES OF AMERICA'. To the right of the NSA monitor is another monitor showing a green-themed software interface with various data fields and buttons. In the background, a blurred office environment is visible, including other people and computer screens. A desk phone and a small electronic device are also present on the desk in the foreground.
