A wide-angle, high-angle photograph of the Shanghai skyline at night. The Huangpu River flows through the center, reflecting the city lights. The Oriental Pearl Tower stands out with its distinctive spheres. To its right, the Shanghai Tower, the tallest building in China, is illuminated. Other skyscrapers like the Jin Mao Tower and the Shanghai World Financial Center are also visible. The city lights create a dense, colorful pattern against the dark night sky. In the bottom right corner, there is a watermark that reads '百家号/质读心声' and '© 2019 质读中国'.
