A still life composition featuring a bronze statue of Lady Justice, a wooden gavel resting on a stack of books, and a large hourglass, symbolizing law, justice, and the passage of time. The statue stands in the center, holding scales in her raised right hand and a sword in her left. To the left, a wooden gavel lies diagonally across a stack of several thick books. To the right, a large, ornate hourglass with a dark frame and white sand is prominent. In the foreground, a small pile of gold coins is scattered on the reflective surface. The background is a warm, dark brown gradient.
