A conceptual image illustrating the relationship between debt and risk. On the left, a large, textured yellow sack is prominently displayed with the large red Chinese character '债' (debt) stitched onto its front. To the right, a small, blue, stylized human figure sits precariously on the peak of a yellow triangular warning sign. The sign features a black border and a vertical traffic light symbol with red, yellow, and green circles. The background is a blurred collage of various colors, suggesting a complex financial or market environment.
