The image is a composite graphic. On the left, a terminal window displays C code for Lamport's signature scheme. The code includes a function `usage` for handling command-line arguments, a `main` function that prompts for a message and a private key, and a `sign` function that calculates a signature by hashing the message and XORing it with the private key. The code is written in a light blue monospaced font on a black background.

In the center, the large green text '100天' (100 days) is prominently displayed. Below it, the white text '让你输完只需1天' (Letting you finish only after 1 day) is visible.

On the right side, a vertical red banner contains the white text '一切都是代码控制' (Everything is controlled by code), which is a well-known quote from the movie 'The Matrix'.
