The image is a composite graphic. On the left, a terminal window displays C code for Lamport's signature scheme. The code includes a function `main` that takes a message `argv[0]` and a private key block as input. It calculates a signature by hashing the message and the private key, then combining the results. The code is written in a dark-themed editor with syntax highlighting. In the center, the text '你可以赢我100天' (You can win me 100 days) is written in large, bold, green characters. To the right of this text, a vertical red banner contains the text '一切都是代码控制' (Everything is controlled by code) in white characters. Below the main text, the phrase '让你输完只需1天' (Let you finish losing in just 1 day) is written in a smaller, white font. The background of the image is a dark, textured surface, possibly a wall or a screen.
